

Conner LaLonde

I am a dedicated and motivated Eagle Scout with skills and knowledge in Environmental Safety and Health, Customer Service, Electrical, and Manufacturing. I am looking for opportunities to gain experience, hone abilities, and have a positive influence on others.

EXPERIENCE

Piston Automotive, Wentzville, MO – EHS Specialist - May 2024

- Works closely with staff in operations, engineering, human resources, and other functions to provide technical environmental safety and health support and direction to corporate and production personnel.
- Directs the development of written environmental, safety and health programs and policies (Safety Committees, Safety Audits, OSHA Required Programs, etc).
- Promotes EH&S awareness and education through internal company memoranda, newsletters, and specific training programs.
- Understands federal and state environmental safety and health regulations and monitors regulatory changes as they occur.
- Manages worker's compensation claims, modified duty, and risk assessments.

Cambridge Air Solutions, Chesterfield, MO

OSH Manager, Safety Coordinator, Electrical III, - June '16 - September '23

- As the organizations' Safety and Health Professional, sets and executes our vision, goals, and strategy for our Safety and Health Management System
- Leading towards OSHA SHARP Certification by improving attributes of our culture, operations, management leadership, and employee participation.
- Collaborates on lean and safety improvements, Gemba walks, and the Safety Scrum Teams. Always looking for waste and risk to eliminate.
- Leads on capital projects, production activities, and process improvements, and custom designs. Creative and innovative approaches to problems.
- Acts as a mentor and coach in the shop to help train and teach teammates regarding our products, electrical, and Safety & Health programs & policies.
- Proficient in testing and troubleshooting electrical equipment, reading schematics, and assembly of finished products.
